

Crystal Wardrobe Care and General Maintenance

The following is a guide to help care for your new Crystal Wardrobe.

- When cleaning the surfaces only apply a mild soap/detergent with a clean dry cloth
- Refrain from using abrasive materials like scourers and avoid any harsh solvents
- If using any solvents, avoid applying to the frames to minimise any damage
- After cleaning surfaces ensure that you wipe away with clean water and dry the surface immediately after
- Keep tracks clear from any dust and debris
- If you have a melamine surface do not use excessive amounts of water and/or cleaning fluid to ensure edge strip is kept in tact and does not peel

Please note that misuse or neglect of this product may void the warranty obligations
