Shower Screen Configuration Guide

The Euro Range

The Euro Shower Screen range offers a contemporary design at an affordable price. The Range offers:

1. A slimline frame system that delivers structural integrity while also creating a sense of openness and simplicity.
2. A wide range of powder coated and anodised frame colours and glass types.
3. A framed and fully frameless door giving the screen a streamlined and modern feel.
4. Flexibility as the product can be configured to suit virtually any bathroom design.
5. Clear toughened glass is used in a Euro that meets Australian Standards AS1288
